KID'S WORLD

LEARNING CENTER

At **Kid's World Learning Center** caring for your child is our first priority. We provide a safe, clean, nurturing and fun-filled environment for your child's well-rounded development. We strive to nourish your child's mind, body and heart.

Kid's World Learning Center provides a quality early education program for your child from 6 weeks thru Pre-K as well as before and after school programs for your school-aged child, up to 12 years of age. We offer a carefully planned daily schedule of activities using our age-appropriate, Frog Street Press Curriculum featuring Becky Bailey's "Conscious Discipline" and Steve Spangler Science. Your child will enjoy group circle time, songs, arts and crafts and reading. These activities are designed to stimulate your child's interest and promote his or her learning and development.

Frog Street Press Curriculum

Featuring Becky Bailey's "Conscious Discipline" and Steve Spangler Science

Program Features

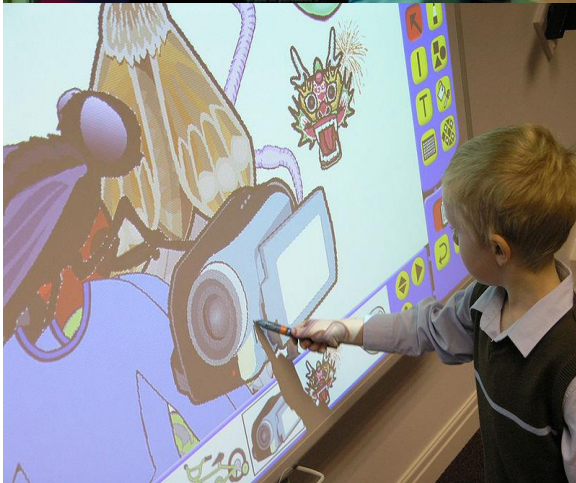

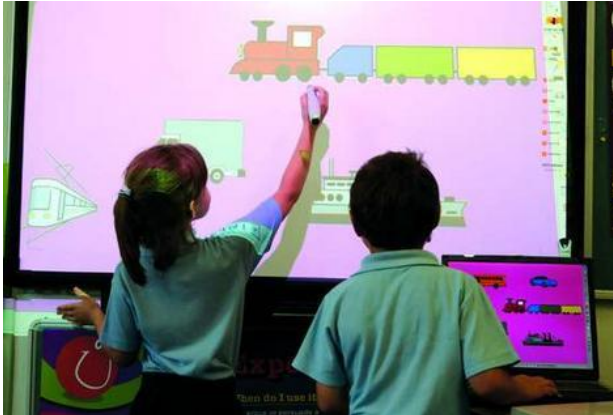

- Embraces the joy of learning!
- Provides comprehensive, integrated instruction in all domains.
- Balances intentional instruction with child centered learning.
- Offers strong daily routine that develops key social skills and emotional control.
- Values individual differences.
- Empowers children with choices in self directed activities.
- Honors the power of a strong teacher-child interaction to develop rich oral language and robust vocabulary.
- Provides systematic and sequential continuum for building skills and concepts.
- Uses research-based principles of learning as the cornerstone of instruction.

POWERFUL TECHNOLOGY

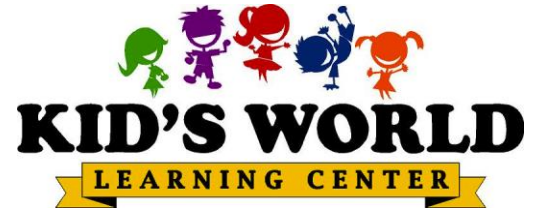

INTERACTIVE WHITEBOARD

TECHNOLOGY

We are proud to lead the way in early education with our Preschool classrooms utilizing the world's leading interactive whiteboard.

Combining the simplicity of a whiteboard along with the power of a computer and the Frog Street Press based Curriculum, our highly trained teachers engage students with hands-on interaction. It is the most effective tool in education today that creatively and effectively advances the foundation for your child's early years of development. **Providing the highly effective connection between learning and technology**

© 2009-2010 Age of Learning, Inc.

Preschool and kindergarten students are naturally drawn to INTERACTIVE WHITEBOARDS because they are fun and easy to use. This helps them bring the same enthusiasm they have for play to lessons and nurtures a love for learning at an early age.

Our partnerships.....
